

## Bridge building

MercyFirst received a \$7,500 gift to help struggling youth get on the right track.

The grant, from the TD Charitable Foundation, will support the Syosset-based nonprofit's Bridges to the Future Program. The initiative supports underprivileged youth as they complete their education and develop workforce skills to prepare for their future.

The philanthropic arm of TD Bank is a long-time supporter of MercyFirst, which serves more than 3,200 traumatized and neglected children and teenagers and their families at 14 sites in Nassau, Suffolk, Brooklyn and Queens.
